

# Home

Specializing in all forms of engineering, Austin Group Resources represents engineers, to chemical, refining, manufacturing and consulting firms, with a predominance of process, maintenance, project, environmental, safety and industrial hygiene requirements. Austin Group Resources, LP provides professional recruiting services throughout North America. We utilize referrals, networking and expanding our professional reach as recruiters instead of relying on job boards or purchased resume databases. We specialize in the technical and professional areas of Chemical, Mechanical and Electrical Engineering, Environmental, Health and Safety Professionals, Import/Export, Logistics/Purchasing and all levels of Management in the Chemical, Petrochemical, Refining and related industries. Our parent company has remained in the top 5 permanent placement houses of all Houston based recruiting firms according to the Houston Business journal, for the last 10 years.

Our services are free, paid for by the top clients in industry and those aspiring to be. Our involvement is confidential and is undertaken with the highest integrity for any information shared between recruiter and client, or recruiter and candidate. We pride ourselves in the successful long term placements we have achieved, and the satisfaction of working with repeat clients and maintaining relationships with candidates for over 20 years. Please read our reference section for those who have been kind enough to share their experiences about working with us.

Years of successful placements and a commitment to balancing the needs of client and candidate, have provided the Austin Group Resources with a reputation for providing opportunity to qualified candidates and deliverable, stellar candidates to our clients.

We are eager to represent you as a client or candidate. Please give us a call at 888 - 497 - 8595 to begin a dialogue about your professional future or the future of your organization. We are eager to serve you.
